ISSUE 02 | Q2 2025

ATTACH⁺

HERE'S WHAT'S NEW IN 2025

Welcome to the second issue of ATTACH+, your essential guide to maximising every device refresh, workspace upgrade and hybrid working setup with best-in-class accessories. In this edition, we're proud to partner with Targus, a brand that embodies innovation, sustainability and connectivity.

In the last 12 months, we've been focusing more than ever on attach-focused sales, especially during the device refresh cycle driven by the Windows 11 upgrade. Partners who lean into attach conversations are seeing stronger margins, increased customer retention and larger overall deal sizes. Whether it's selling a keyboard with a laptop, a docking station with a display, or a privacy filter into public sector deployments, attach isn't just about peripherals, it's about unlocking value at every step.

Our goal with ATTACH+ is simple: to equip you with the tools, insights, and product knowledge to enable you to lead the attach conversation with confidence.

Let's help you to grow your attach rate, and your profit this quarter

Ashley Watts

Accessories Commerical Director

SUPPORTING YOU AT EVERY STAGE OF THE ATTACH JOURNEY

Westcoast offers more than just product availability, we offer complete sales enablement to support your attach strategy and drive profitability.
